

LUXURY HARDWOOD FLOORING

SIGNATURE COLLECTION

INDOOR FLOORING

Beautiful interiors start with
beautiful foundations.

Begin your search with elegant
selections from the heartlands of
Europe and North America, or
the tropical forests of Africa,
South America, and Asia.

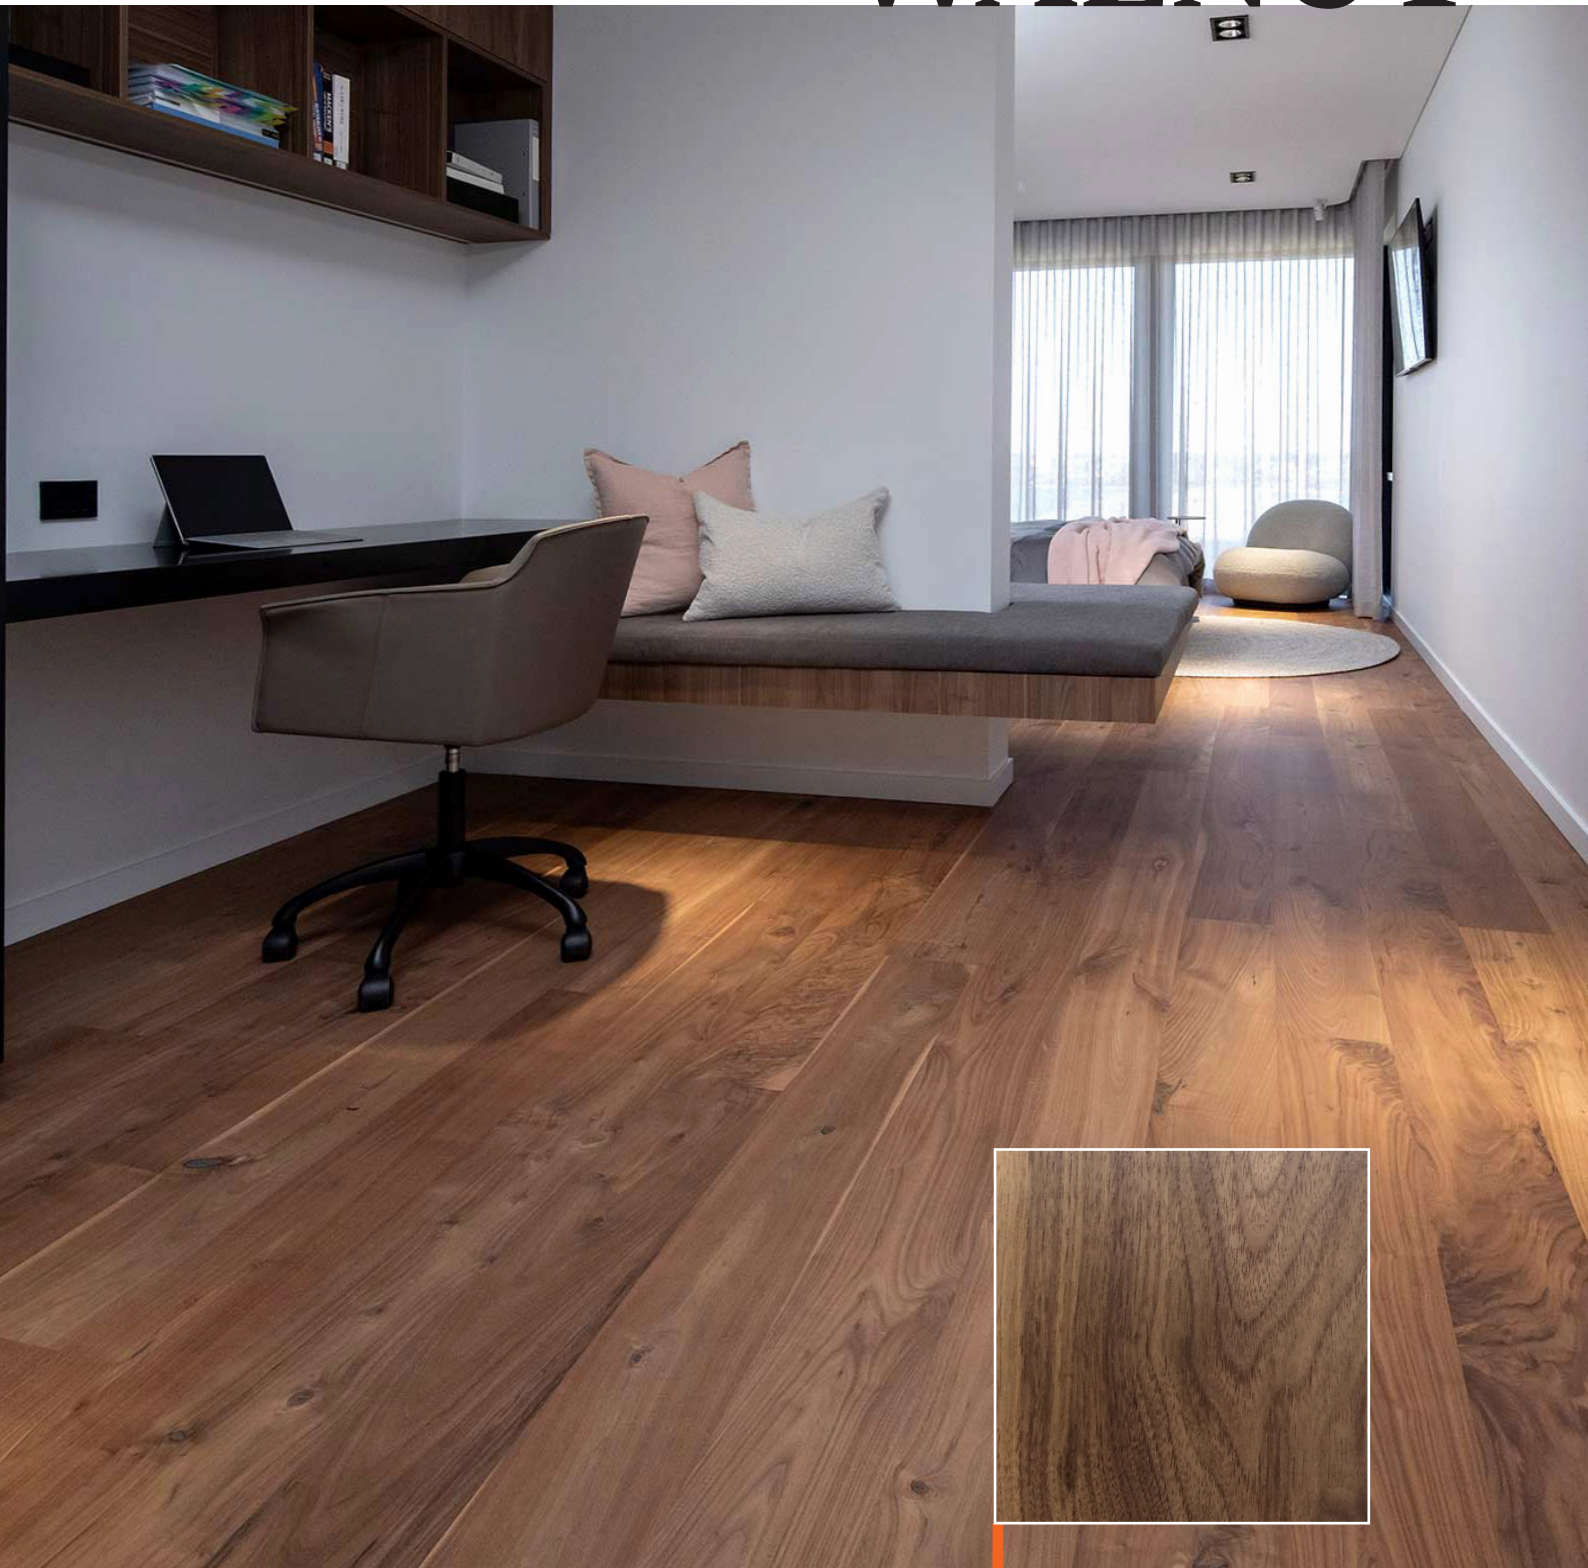

GOOD TO KNOW

T&G Tongue & Groove, all sides
G&G Groove & Groove, for decking
90–95 mm (W) Standard width strip

110 – 130 mm (W) Premium wide strip
150 – 190 mm (W) Premium super wide strip
RL Random lengths for a natural appearance

The grain is predominantly straight and punctuated with occasional waves and curls. Deep auburn to medium chocolate tones make Walnut a timeless classic.

AMERICAN WALNUT

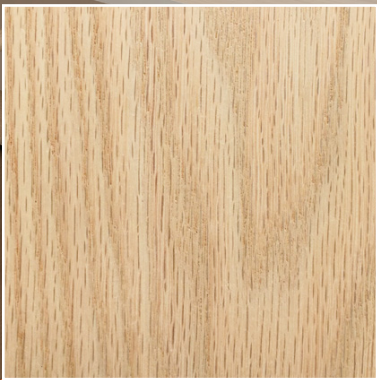

TIMBER STRIP SIZE (T&G)

- 20mm (T) x 90mm (W) x RL
- 20mm (T) x 110mm (W) x RL
- 20mm (T) x 130mm (W) x RL
- 20mm (T) x 160mm (W) x RL

American Red Oak is hard and heavy with medium bending strength, stiffness, and high crushing strength. It has a naturally distinctive grain and colour that is not always red.

AMERICAN
RED OAK

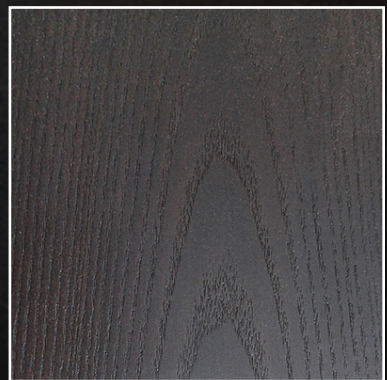

TIMBER STRIP SIZE (T&G)

- 20mm (T) x 130mm (W) x RL
- 20mm (T) x 140mm (W) x RL

EUROPEAN BLACK ASH

Add a sense of drama and luxury to any interior with this dark and intense colour.

TIMBER STRIP SIZE (T&G)

- 20mm (T) x 115mm (W) x RL
- 20mm (T) x 150mm (W) x RL
- 20mm (T) x 190mm (W) x RL

This dark toned timber has a bold natural grain pattern you can feel. This 3D feature is complimented by excellent stability under almost any extreme indoor conditions.

EUROPEAN
BRONZE ASH

TIMBER STRIP SIZE (T&G)

- 20mm (T) x 115mm (W) x RL
- 20mm (T) x 150mm (W) x RL
- 20mm (T) x 190mm (W) x RL

BRAZILIAN TEAK

Brazilian Teak is one of the hardest hardwoods known in the industry. It is renowned for its distinctive grain and vivid, golden brown colour.

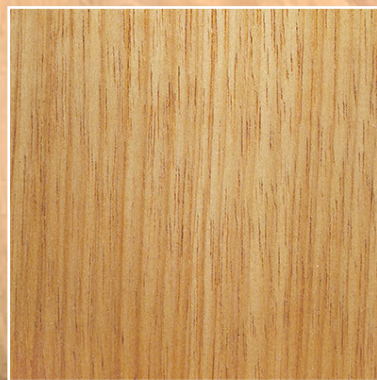

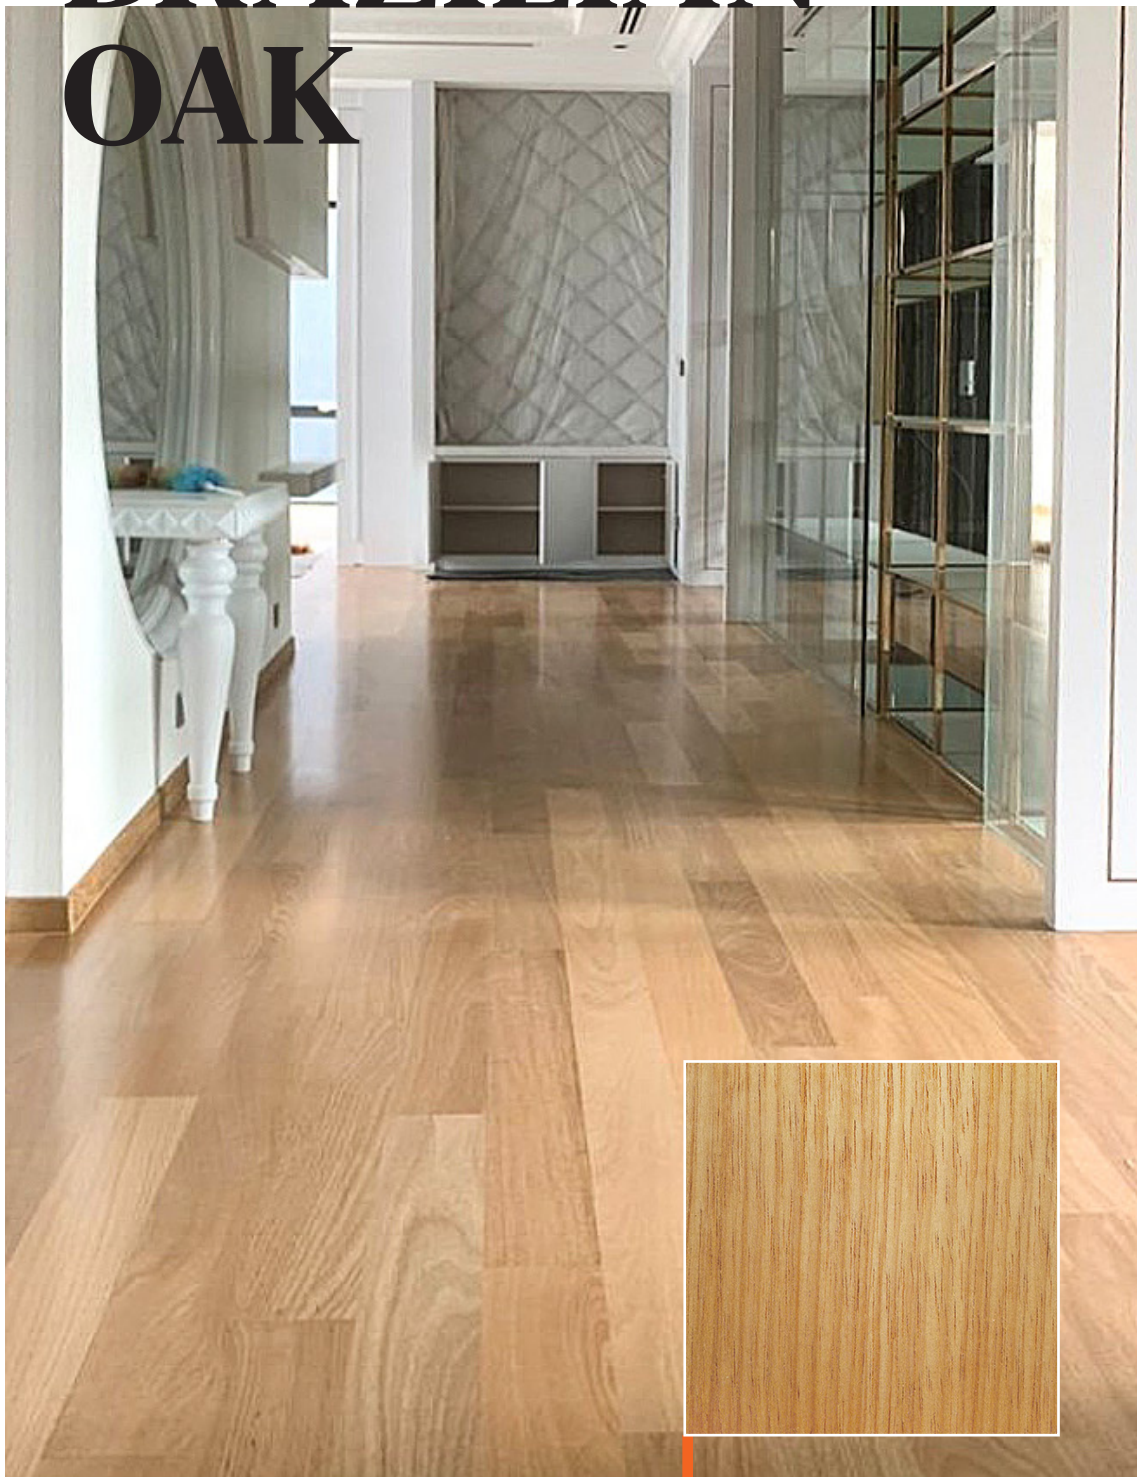

TIMBER STRIP SIZE (T&G)

• 18mm (T) x 120mm (W) x RL

Brazilian Oak is a heavy hardwood with even, muted tan colouring. It is naturally resistant to insects and damage from moisture.

BRAZILIAN OAK

TIMBER STRIP SIZE (T&G)

• 18mm (T) x 120mm (W) x RL

Batu Mahogany is a heavy hardwood which is exceptionally dense and more durable than red or dark red mahogany.

BATU
MAHOGANY

• 18mm (T) x 90mm (W) x RL

NEW SIGNATURE SELECTIONS

EASTERN WALNUT

TIMBER STRIP SIZE (T&G)

- 20mm (T) x 90mm (W) x RL
- 20mm (T) x 115mm (W) x RL
- 20mm (T) x 130mm (W) x RL
- 20mm (T) x 190mm (W) x RL

EASTERN CHERRY

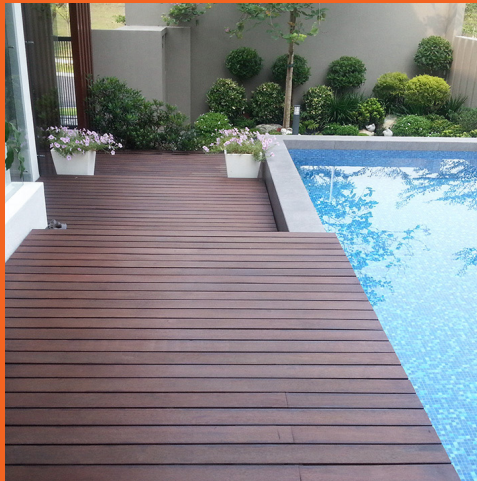

A lustrous medium coloured timber with texture that is moderately fine and even, producing an attractive grain with both shallow and deep interlocks, and moderately fine rays.

TIMBER STRIP SIZE (T&G)

• 13mm (T) x 90mm (W) x RL

OUTDOOR DECKING

For outdoor living spaces as luxurious as a well-appointed interior, nothing spells sophistication like a solid hardwood deck. NETWOOD decking choices are preferred for their beauty and resilience.

BRAZILIAN TEAK DECKING

As one of the hardest commercially available hardwoods, Brazilian Teak creates a lasting impression with its golden to brown-red tones.

TIMBER STRIP SIZE (T&G)

• 20mm (T) x 90mm (W) x RL

PRECIOUS TIMBER

SOURCED FROM 5 CONTINENTS

We search far and wide to bring unique and enduring timber varieties closer to you. Here is a unique collection, drawn from finest timber growing regions by our trusted international counterparts. Made available to you just a short drive away within Malaysia or as quickly as two weeks port-to-port within Southeast Asia for your next masterpiece project.
